Regalboden 8 320-600 mit Bordkante kaufen ? – 0.0.647.66 kompatibel mit Aluprofilen. Jetzt sparen in unserem Onlineshop ?!

Product number X-8020

Weight 3.2kg

Product description

Even with the most careful planning, additional storage space may often be required later on. This can be achieved effortlessly with the shelves 8 with edging. No additional assembly or processing steps are required: simply unpack, hang up and everything is ready to go! Your high-quality tools, measuring instruments or other work equipment are stored safely and tidily. The actual work surface remains free and the all-round shelf edge prevents objects from falling off. Thanks to the system groove 5 in the shelf profile and the front shelf edge, you can add additional supports and dividers for better organization using profiles from the 5 series. Two different sizes with a projection of up to 320 mm and a load capacity of 50 kg also allow A4 file folders to be stored
