Product description

Ergonomic Work Chair Program – Versatile Solutions for Comfortable and Healthy Seating

Our ergonomic work chair program provides versatile solutions for comfortable and health-conscious seating:

Key Features:

- **Seat tilt adjustment technology:** 35° adjustment range with synchronized mechanism for active, upright sitting.
- **Adjustable seat depth:** 50 mm adjustment range for personalized comfort.
- **Adjustable backrest tilt and height:** 80 mm adjustment range, tapered in the shoulder area for optimal freedom of movement, equipped with soft-grip handles.
- **PU seat and back padding:** Abrasion-resistant and washable for long-lasting cleanliness and comfort.
- **Automatic body weight adaptation:** Available in an ESD version for safe protection against electrostatic discharge.
- **Safety gas lift:** Wide adjustment range for individual adaptation.
- **Polished aluminum base:** 700 mm diameter for maximum stability.

Two Available Versions:

- ☐ **Work Chair PU** – Ideal for seated workstations, equipped with load-dependent braked casters for hard floors.
- ☐ **High Work Chair PU (Counter Chair)** – Perfect for sit/stand workstations, equipped with gliders for hard floors, height-adjustable seat, and a chrome-plated, non-slip foot ring with stepless quick-release height adjustment.

Both versions are also available in an **ESD-dissipative version** upon request.
