

# Euro container closed 600 x 400 x 320 mm, grey | 320 mm

Product number EG 64/32 WB

## Product description

**Euro Container Closed 600 x 400 mm in Gray – Your Robust Solution for Storage and Transport**

Our **closed Euro container (600 x 400 mm) in classic gray** is the **ideal choice** for **efficient storage and secure transport** of your goods. Made from **high-quality polypropylene**, this container stands out for its **durability and versatility**.

### Product Features:

#### ? Standardized Dimensions:

With a **base size of 600 x 400 mm**, this container complies with **Euro-standard dimensions**, ensuring **seamless integration** with **pallets and shelving systems**.

#### ? Closed Design:

Fully **sealed sidewalls and bottom** protect the contents from **external influences** such as **dust and moisture**, while allowing **easy cleaning**.

#### ? High Load Capacity:

Thanks to its **sturdy construction**, the container is **ideal for transporting and storing heavy goods**, ensuring **safe stacking**.

#### ? Ergonomic Handling:

Equipped with **ergonomic handles** on the short sides, the container allows **comfortable and secure transport**.

#### ? Temperature Resistance:

The Euro container is **resistant to heat and cold**, making it suitable for use in **various environments**.

### Application Areas:

This **Euro container** is highly versatile and is used in a **wide range of industries**:

- **Industry & Manufacturing:** Ideal for storing **components and tools**.
- **Logistics & Shipping:** Perfect for the **safe transport of goods**.
- **Retail:** Suitable for **product display and storage** in sales areas and warehouses.
- **Food Industry:** **Food-grade material** allows **direct contact with unpackaged food**.

### Why Choose Our Euro Container?

We offer an **excellent price-performance ratio** without compromising on **quality**. Our **Euro containers are available from stock** and can be ordered **starting from just one unit**.

**Invest in our closed Euro container (600 x 400 mm) in gray** and **optimize your storage and transport processes efficiently and sustainably**.
