Product description

Compact and Versatile Storage Solution
Euro Container Closed 200 x 150 mm in Gray

Our **closed Euro container (200 x 150 mm) in subtle gray** is the **perfect choice** for **efficient storage and secure transport** of smaller goods. Made from **high-quality plastic**, this container is designed for **durability and robustness**.

Product Features:

☐ **Compact Dimensions:**
With a **base size of 200 x 150 mm**, this container is **perfect for organizing smaller items** and fits seamlessly into **shelving systems and conveyor belts**.

☐ **Closed Design:**
Fully **sealed sidewalls and bottom** provide **reliable protection against dust, dirt, and moisture**, while the **smooth interior surfaces** ensure **easy cleaning**.

☐ **High Stability:**
Despite its **compact size**, this container offers **impressive load capacity** and is **stackable**, enabling **space-saving storage**.

☐ **Ergonomic Handling:**
Equipped with **ergonomically designed handles**, the container allows **comfortable and secure transport**.

☐ **Temperature Resistance:**
The Euro container is **both cold- and heat-resistant**, making it **suitable for various environments**.

Application Areas:

This **Euro container** is **highly versatile** and **ideal** for a range of industries, including:

- **Logistics & Shipping:** Perfect for **transporting and storing** smaller components and products.
- **Retail:** Ideal for **displaying and organizing** goods in **stores or warehouses**.
- **Production & Craftsmanship:** Suitable for **storing small parts, tools, and materials**.
- **Food Industry:** Made from **food-grade material**, allowing **direct contact with unpackaged food**.

Why Choose Our Euro Container?

We offer an **outstanding price-performance ratio** without compromising on **quality and functionality**. Our **Euro containers are available from stock** and can be ordered **starting from just one unit**.

Invest in our closed Euro container (200 x 150 mm) in gray and **optimize your storage and transport processes efficiently and sustainably**.
