Product description

The maunsystem Roller Adapter Plate 8 M10 (105 × 80 mm) is fully compatible with item and ideal for securely mounting heavy-duty castors to Profile Series 8 frames. Made from durable aluminium, it ensures high stability and long-lasting performance in industrial applications. With precise holes and an M10 thread, the plate can be quickly and accurately installed, either in the profile slot or via core bores. Perfect for machine frames, transport trolleys, and modular constructions where reliability and compatibility are essential.
