Product number ZI-1058

Weight 0.27kg

Product description

The Roller D60 PU (Ø 60 mm) is a high-quality running wheel with a polyurethane tread (PU, 92 Sh A). It is designed for use in linear guide systems, telescopic rails, or as a support roller in profile frames. Thanks to its excellent load capacity and smooth running characteristics, it is ideally suited for demanding industrial and automation applications.
