Product number PI-6022 SN6000

Weight 67.068kg

Length 6000mm

Product description

The profiles of the Z8 series are weight-optimised profiles in cross-sections of 40x40, 40x80 and 80x80. The profile grooves are freely accessible or hidden under a flush smooth outer surface. If necessary, the cover can be easily opened and removed for the shoring of connecting elements or for the attachment of accessories. The sharp-edged geometry of the profile outer edge results in a level transition in the profile joint. The grooves and the core holes of the Z8 profiles are designed for M8 screws.

Delivery length 6030 mm

Product properties

Material	Al Mg Si 0.5 F25, artificially aged
Anodised	E6EV1 10-15 µm silver
Tolerances	EN 12020-2
Slot pull-out force	F=2.500 N
Profile width	80 mm
Profile height	40 mm
Execution	X, light
Groove shape	1 side closed
Delivery unit	Rods
Series	Series 8
Profile length	6000 mm bar
Contour	Rectangular
Colour	natural
Size	80x40 mm
