Weight 110kg

Product description

Secure Transport and Efficient Storage for ESD-Sensitive Materials

Our **ESD system cart in pallet format** offers a reliable and flexible solution for the safe transport and storage of ESD-sensitive components. This cart combines a sturdy aluminum profile construction with electrically conductive materials to ensure comprehensive ESD protection.

Key Features:

- **Format:** Pallet format for versatile applications
- **Material:** Electrically conductive aluminum
- **Load Capacity:** Up to 400 kg
- **Shelves:** Adjustable shelves for flexible storage
- **Wheels:** Lockable and electrically conductive wheels

Advantages:

- **Effective protection against electrostatic discharge**
- **High stability and load capacity for industrial applications**
- **Flexible usage with adjustable shelves**
- **Easy handling and optimal mobility**

Additional Benefits:

- **Various formats available:** ESD system carts in different sizes to meet your specific requirements
- **Robust construction:** Durable design for demanding environments
- **Expandable accessories:** Customizable accessory range for tailored logistics solutions
