Product description

Mobile order

Our system trolley for Euro containers is the perfect solution when the contents of various Euro boxes are needed repeatedly at different workplaces. Unhandy reloading onto pallets for transport and carrying around by hand is not necessary with the help of our system trolley.

- light and very stable aluminium profile construction
- High load capacity
- Lockable ESD castors Easy to roll even when loaded
- Stable shelf made of HPL panels
- Full extension runners in profile quality
- max. load 400 kilos

Product properties

Scope of delivery without euro container

System trolley type System trolley with pullout

ESD discharging No

Size System trolley for Euro containers 60x40 Height 200 cm

The image displays two views of the 1000 Series mobile shelving unit. The top view is a perspective shot showing the unit's tapered design, with four shelves and a top surface. The bottom view is a side profile, highlighting the unit's height, the placement of the casters at the base, and the side handle for maneuvering. Both views show the unit's metallic finish and the clean, industrial aesthetic of the design.
