Product description

Mobile order

Our ESD system trolley for Euro containers is the perfect solution if the ESD-sensitive contents are needed repeatedly at different workplaces. The ESD trolleys are optionally supplied with or without ESD euro containers. All parts, including the castors, are made of electrically conductive material and are thus safely protected against electrostatic charging.

- light and very stable aluminium profile construction
- High load capacity Lockable ESD castors
- Easy to roll, even when loaded
- Stable shelf made of HPL panels
- full extension runners in profile quality max.
- load 400 kilos

Product properties

Scope of delivery without euro container
