Product description

Secure Transport and Flexible Storage

Our **ESD system cart for Euro containers** (80 x 60 x 134 cm) is the perfect solution for the safe transport and flexible storage of your ESD-sensitive materials. Featuring a sturdy aluminum profile construction and tiltable shelves, this cart ensures both stability and maximum flexibility for user-friendly handling.

Key Features:

- **Dimensions:** 80 x 60 x 134 cm
- **Material:** Electrically conductive aluminum
- **Load Capacity:** Up to 400 kg
- **Shelves:** Tiltable shelves for optimal access
- **Wheels:** Lockable and electrically conductive wheels

Advantages:

- **Effective protection against electrostatic discharge**
- **Flexibility through tiltable shelves, enabling easy access to stored materials**
- **High stability and load capacity for industrial applications**

Additional Benefits:

- **Electrically conductive materials ensure comprehensive ESD protection**
- **Robust and durable construction, ideal for use in ESD-protected areas**
- **Versatile accessories for a customized logistics solution**
